DETAILED ACTION

The paper of 28 July 2003 lists claims 6-11 as "withdrawn." These claims were canceled by amendment of 26 December 2002. Since the claims were canceled, they are no longer pending.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 3, and 12-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kusuda et al. in view of Uchida and Ek et al.

See reasons of record in the Office action of 1 April 2003.

Conclusion

Applicant argues with respect to the rejected claims that the references do not teach the plurality of AlGaAs layers as recited as part of the active layers. Nothing in these claims seems to require that these layers be active, however. Claims 1 and 3, for example, say only that the AlGaAs layers are stacked on a buffer layer. Examiner notes that claim 5 was allowed, and claims 2 and 4 objected to, in the previous Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2811

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
